First Automatic Parking System in Florida State

Downtown Orlando Condominium Building - 54 parking spaces

Swiss-Park USA and Top Land Development of Orlando, Florida, have joined efforts to build the first fully automatic parking system in the state of Florida.

Swiss-Park USA

**1142 Brown Ave
Lafayette, CA 94549

The parking system, one of many completed by Swiss-Park world wide, will serve the residential tower *Luxparque* in downtown Orlando with capacity for 54 cars. Building construction is estimated to start July 2007 and to be completed early the following year.

The project will be the first in the United States using Swiss-Park's pallet free technology.
